ISO Certification Consulting Services

GlobalSTD has a 100% certification record in working with companies implementing Management Systems since many years. But that is not just what we do.

Our expert teams work with organizations of all sizes and every type of activity - from leading multinationals to small, innovative start-ups with a proven record in not just achieved certification for our client's management systems but in going further to establish a 'Lean Business Management System' that is working for the business, tailored to the business and benefiting the business.

For years, **GlobalSTD** has been sharing our knowledge with clients in the region. Our clients gain from our vast experience both domestically and internationally across a broad spectrum of industries.

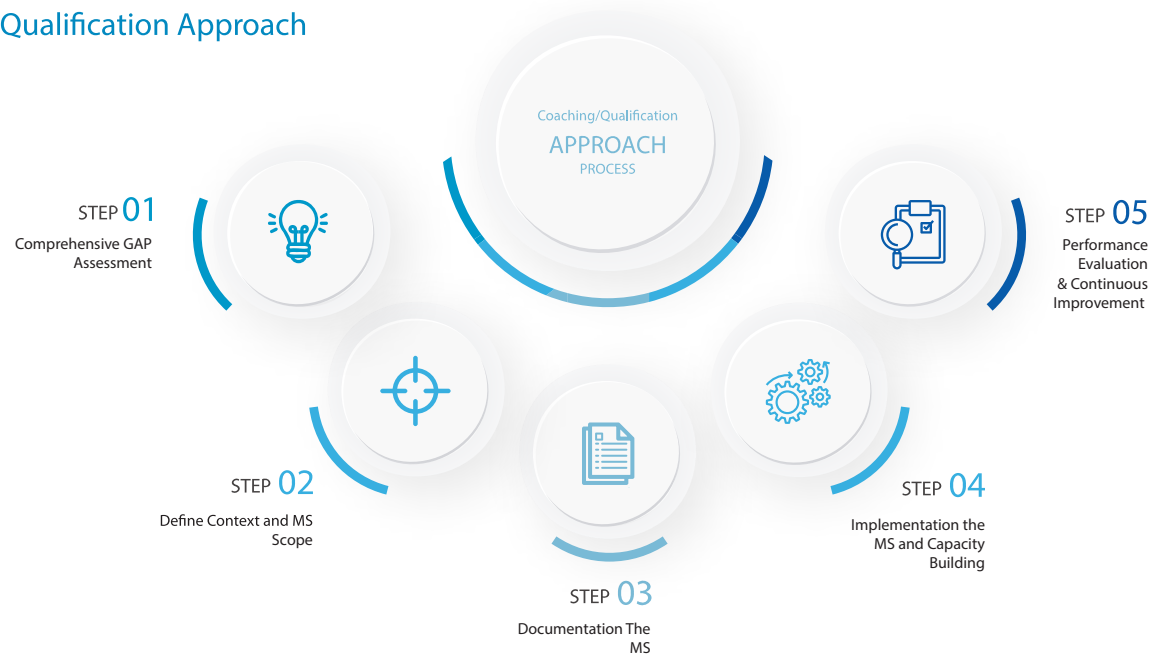

We consider 'ISO' to be one of the tools we can use to achieve much, much more for the company in improvements, savings and overall benefits.

We can help you at every key step in the process of successfully implementing your management system and to achieve a Lean Business Process followed by a Third Party Certification with clients from all the industry domains and more full time Management System Specialists, we are one of the efficient and most experienced consultants around. This will help you to achieve and sustain a Certified international management system.

When you've been issued with a certificate, we'll visit your organization on a regular basis to support and continue the Certified Lean Business Management System.

Tailor made trainings to suite your needs

We accelerate your learning. Everyone has preferred learning techniques which we introduce to our training to help you progress naturally and quickly. We encourage interaction and collaboration because the more involved you are, the more positive the outcome. We also keep the courses varied and put your learning in context to give you an enjoyable, successful and satisfying experience.

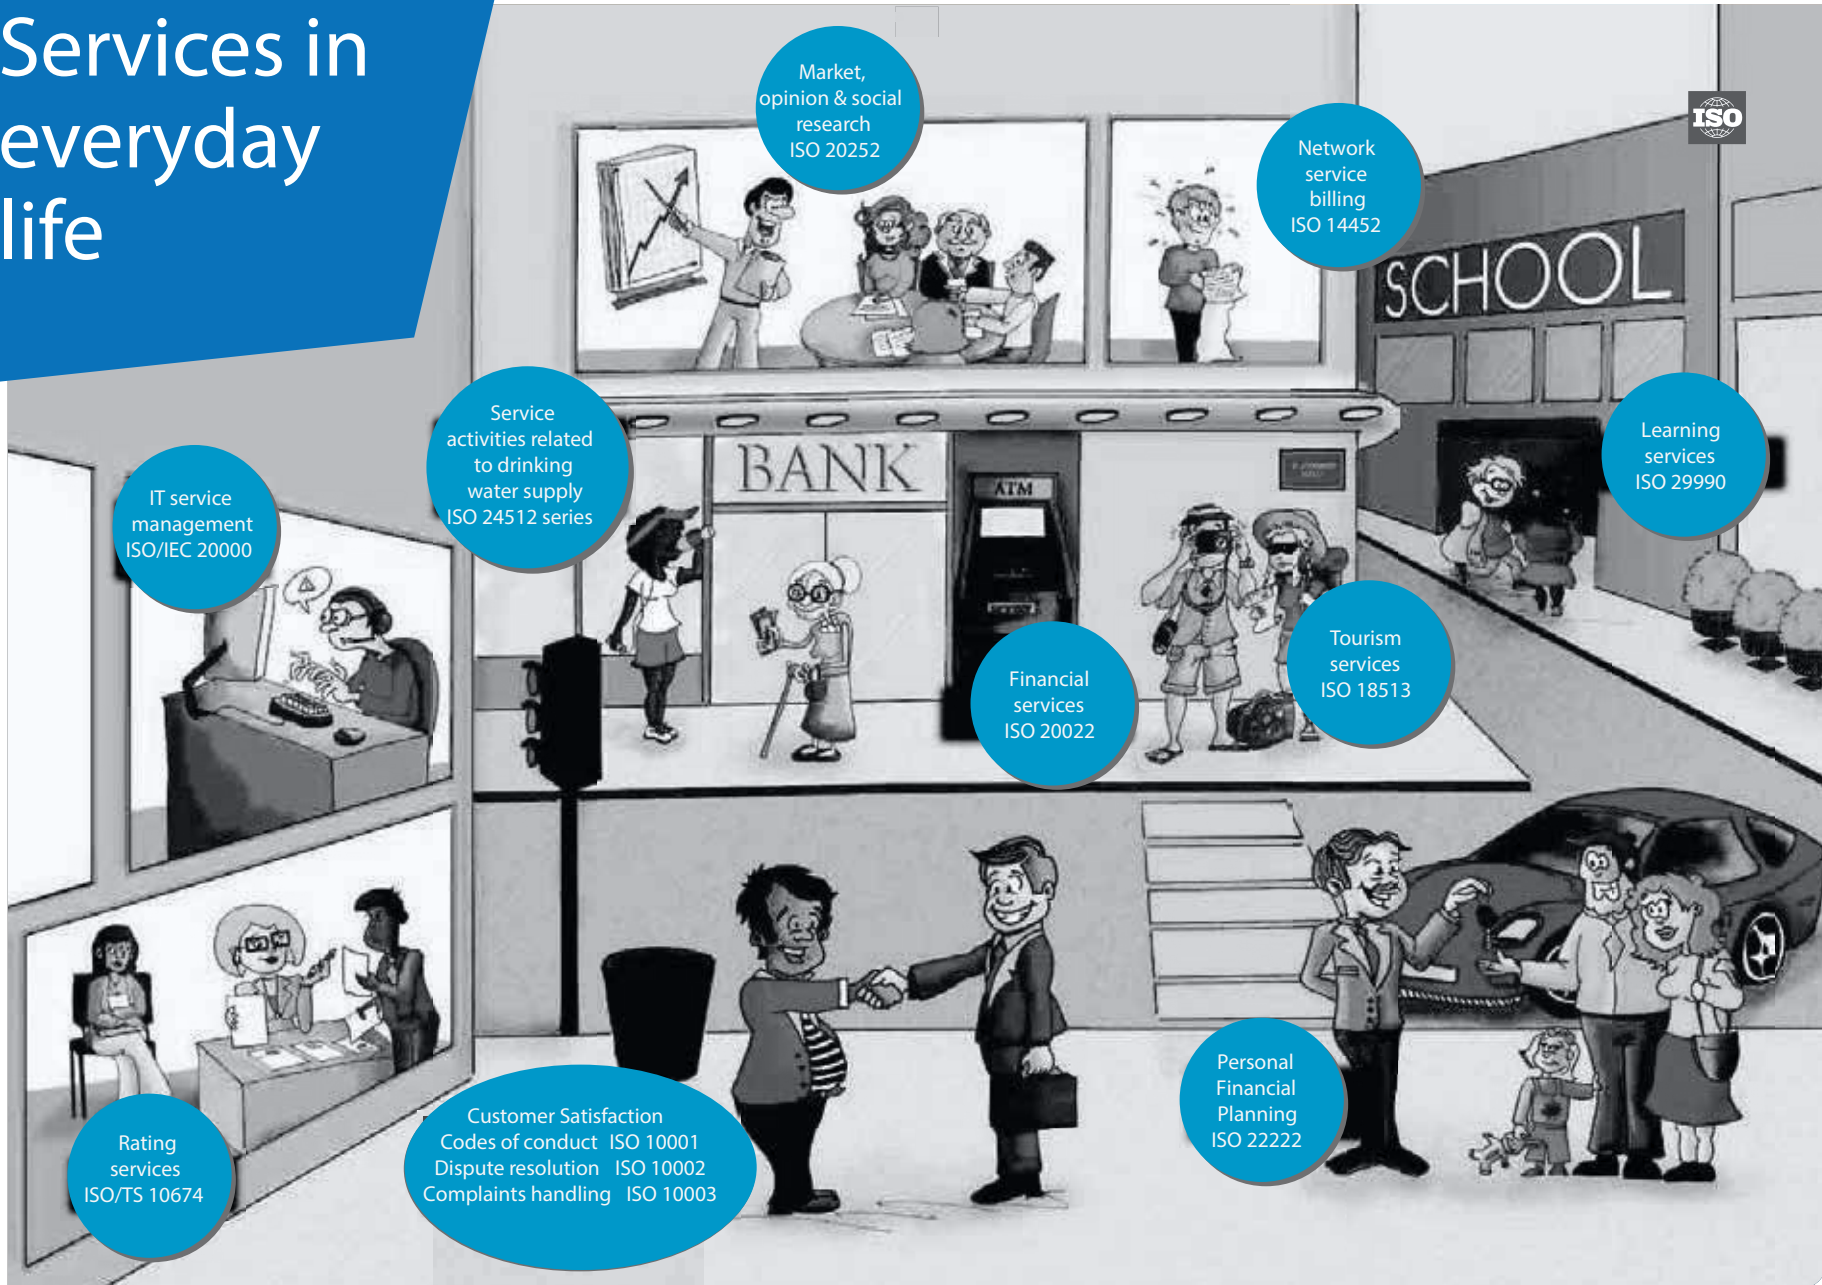

Our Team

Train with the best to become the best. Our tutors are recognized as leaders in their field, offering a world-class learning to understand and meet your different learning needs, and they have years of industry experience.

What's more, our tutors train assessors who look at your organization to keep your learning in line with your company's accreditation.

Services in everyday life

Why GlobalSTD™?

We understand that business success starts with people. And we've consulted hundreds of businesses, applying the required standards to each, so we can genuinely benchmark the business performance.

We've also trained thousands of individuals who practices them at their professional work life and know we can take you from beginner to Management System expert quickly –wherever you are on your learning journey, we can tailor training to you and your business.

GlobalSTD™ ISO Focus Plus

As business pressures intensify, one thing is clear: success will demand not only new skills and strategies but also new standardization perspectives on how to build a strong business. This is the “smart-business” difference.

International Standards bring technological, economic and societal benefits. They help to harmonize technical specifications of products and services making industry more efficient and breaking down barriers to international trade. Certification demonstrates to your customers, competitors, suppliers, staff and investors that you use industry-respected best practices.
